ABOUT US

Founded in 1966, the National Boating Federation (NBF) is the largest tax-exempt, non-profit, nationwide alliance of recreational boating organizations. It is organized under the laws of the District of Columbia. The Federation is composed of boating and yacht clubs and their organizations representing over 2,000,000 of America's recreational boaters.

NBF promotes safe boating through education, acts as a legislative watchdog and advocates for favorable boating legislation, regulations and best practices.

The regular membership represents no commercial interests and sells no products. The Officers and Directors are all volunteers with strong backgrounds in all aspects of recreational boating. Our membership spans the continent from Canada to Mexico and from the Atlantic to the Pacific Oceans.

The governing body of the Federation is composed of one delegate for each of our Regular Member Organizations. The delegates annually elect the officers and five directors which, together with the Legislative Director, the Executive Director, the International Relations Director, and the Immediate Past President of the Federation, constitutes its Executive Committee. All members of the Executive Committee operate from their residences. The Federation meets semi-annually at various locations throughout the Nation and its meetings are open to any one interested in recreational boating.
