The Federation maintains an e-mail based “E-Lert System” which provides bulletins regarding recreational boating issues and announcements, as well as meeting notices, mainly on a national level. These notices include important changes to our website and other urgent messages of interest to the recreational boating community as directed by the Officers and the Executive Committee of the Federation.

This list of e-mail addresses is strictly private and will be used only by the Federation to disseminate the above listed information. This list will not be sold, traded, **or** given out by the Federation to any business or organization.

Participation in the E-Lert System is free, easy, and open to any interested individual or organization. Just visit our website, select the “E-Lert” tab on the left margin of our home page, and scroll down to the “E-Lert Sign Up” section.
